Whenever I see a girl called glady's,  
My thoughts get in the way...

Whenever I want to talk to glady's,  
I turn and walk away...

From glady's, from glady's, from glady's, from  
glady's...

The girl called glady's I love so much,  
She looks so mighty fine...

The girl called glady's I'd love,  
So much so much to make her mine...

Oh glady's, oh glady's, oh glady's...

If glady's walks round the corner,  
I walk the other way...

Sometimes I get my courage up,  
But I just drift away...

From glady's from glady's that glady's...

Oh she's the kind of girl,  
I would love to date...

She's the girl I'd like to dance with,  
And to stay up late...

With glady's, oh glady's, with glady's,  
I'm without my glady's...
