

O' Cealleigh "Playing Out"

Visit "[Playing Out](#)" on MotoLyrics.com

We used to play outside as children
Didn't have a care in the world

Laughing and crying moment to moment
Feeling small in such a big world

Hide and seek in a small garden
At the time it felt so big

Names we gave to all the places
In Atmosphere we would sit

We used to play outside as children
Didn't have a care in the world

Laughing and crying moment to moment
Feeling small in such a big world

Hide and seek in a small garden
At the time felt so big

Names we gave to all the places
In Atmosphere we would sit
