She's not present
But she's always by my side
Like an angels spirit
Makes me smile inside
In between the melodies
She brightens up my mood
Each and every morning
Magic tones that soothe

Am I the only one so enthralled?
Or just the simplest fool of them all

Never was there intent
She crept into my heart
Nurturing sweet romance
I didn't see it start
Such womanly nature
Men respect her wit
Such a prime example
A fair honest chick

Why does her voice enchant my mind?
Of many that love her, I'd blend in the line

At her we don't stare
Listen with content
To many woman
This would be heaven sent
Down to earth lady
Character so pure
I feel love for her
Men hold her dear

Am I just acting so immature?
Why am I singing this song for her?
