Spin me a sunset paradise
Make it glisten in the sun
Give out love and happiness
Free to each and everyone
The kindest smiles and faces
Everywhere that we look

Weather dreaming or awake
Opportunities we take
Be in company or alone
Make a wish and think of home

Spin me a sunset paradise
Make it glisten in the sun
Give out love and happiness
Free to each and everyone
The kindest smiles and faces
Everywhere that we look

Playing songs of heaven
Future weaved with threads of gold
Our fabric of reality in god set tones and notes
Choosing our paths wisely
Singing songs filled with grace

Weather dreaming or awake
Opportunities we take
Be in company or alone
Make a wish and think of home

Spin me a sunset paradise
Make it glisten in the sun
Give out love and happiness
Free to each and everyone
The kindest smiles and faces
Everywhere that we look

Weather dreaming or awake
Opportunities we take
Be in company or alone
Make a wish and think of home

Spin me a sunset paradise
Make it glisten in the sun
Give out love and happiness
Free to each and everyone
The kindest smiles and faces
Everywhere that we look

Weather dreaming or awake
Opportunities we take
Be in company or alone
