You got to give the people,
Give the people what they want.
Well well...
Don't you know you...
Got to give the people,
Give people what they want.

But I done been all over the world,
And everybody feels the same.
It's a unanimous decision.
I said, they're ready for a change.

Yeah, yeah, yeah...

Don't you know you...
Got to give the people,
Give people what they want.
Well well...
Don't you know you...
Got to give the people,
Well well...
Give people what they want.

Well it's about time,
For things to get better.
We want the truth,
The truth and no more lies.

We want freedom,
Justice and equality.
Ha-ahh, Want it for you,
And I want it for me.

You, you...
You got to give the people,
Give people what they want.
Don't you know you...
Got to give the people,
Give it up...
Give people what they want.

Yeah, yeah, yeah...
Oh yeah...

Got to give the people.
Give it up...
Give the people what they want.
You better,
Doncha know...
Got to give the people.
Give it up...
Give the people what they want.

Don't you know that you just...
Give the people...
Give the people...
Give the people what...
Give them what they want.

You better... you better...

Give the people...
Give the people...
Give the people what...
Give them what they want.

Don't you know that you just...
Give the people...
Give the people what...
Give the people what...
Give 'em what they want.
