Don't leave me
Alone at this party
The souls in this place
They're standing
They're staring
They see
Right through this thin armour
Now I can't defend
What I'm gonna do

But
No-one will find out
I know without a doubt
The things we've figure out
We'll never talk about

I should hide
And get in my costume
I hope they will bite
From across the room
Get a drink
Forget I was here
And go back to your thoughts
Of gossip and judging

No-one will find out
I know without a doubt
The things we've figured out
We'll never talked about
The secrets are gone
The secrets are gone
The secrets are gone

ohhh

The secrets are gone

ohhh

The secrets are gone

ohhh

The secrets are gone

ohhh

No-one will find out
I know without a doubt
The things we've figured out
We'll never talk about
Don't leave me
Alone at this party
