Something happened and you know it  
I can't really tell you how  
When I stare at you for hours  
I don't care what comes around

And I fall for you  
I fall for you  
I fall for you  
Tonight  
I hope you feel the same

There's nothing wrong with being here now  
We have things to talk about  
And my excuses I believe them  
I don't have to justify  
And I fall for you  
I fall for you  
I fall for you  
Tonight  
I hope you feel the same

And I fall for you  
I fall for you  
I fall for you  
Tonight  
I hope you feel the same
