S'il fallait,  
Recommencer notre histoire,  
Sans regrets,  
Avant meme que l'on soit pret,

DÃ©guisÃ©s,  
Pour ne pas etre retrouvÃ©s,  
A jamais,  
Fait le pour moi s'il te plait,

We could pretend that we're not who we are,  
Put on the make up and drive really far,  
Roll down the windows and live in the car,  
Pick up the pace we can reach for the stars,  
And we will have our new start.

Tu seras,  
Quelqu'un qui ne connais pas,  
Toute cette peine,  
Que tu dois appeler tienne,

Je serai,  
Celui qui dÃ©sire te sauver,  
Et qui t'aide a vivre,  
Car crois moi je dois te suivre,

We could pretend that we're not who we are,  
Put on the make up and drive really far,  
Roll down the windows and live in the car,  
Pick up the pace we can reach for the stars,  
And we will have our new start.
