1. Listen to what I have to say,
Listen to what I have to tell you,
This life we are living is full of troubles,
This life we are living is full of struggles,
Many died when they don't know,
Some died when they wanna live,
But we are still living cos of love that passes all,
We are still living cos of grace that passes all,
What have you done for this love?
What have you done for this love?
That I am still living cos of love that passes all,
That you are still living cos of grace that passes all.

Chorus

Lord I thank You for this love,
Lord I bless You for this love,
Lord I praise You for this love.

2. He laid aside everything He had just to set us free,
He gave up everything just to set us free,
What have you done for this love?
What will you do for this love?

Chorus

Lord I thank You for this love,
Lord I bless You for this love,
Lord I praise You for this love(2x)
