So the Titanic set sail for it's date with destiny  
Five hundred miles off the Newfoundland coast  
On the night of April the 15th 1912  
More than 1500 lives were lost

Titanic, Titanic,...

This is the position that the Titanic sank

Titanic, Titanic,...

[Female voice] (what does she say here?)

This is the position that the Titanic sank

It is extremely dangerous  
The real danger is... ah  
For those 3 men  
Because you are talking like the (what are the last few words here?)

[Wireless talk] (what exactly are they saying?)

Titanic, Titanic,...

Titanic, Titanic,...

This is the position that the Titanic sank

Titanic, Titanic,...

[Female voice] (what does she say here?)

At the stern are the vast engines each the size of a 4  
story house  
The propellers are 27 feet across  
She seems to have broken in 2 and she sank

Titanic, Titanic,...
