Tired clothes and vintage eyes  
Search for the stars  
The world you know lies inside  
Velvet dreams and a candy prize  
As a child I saw the world  
In a million colors kaleidoscope  
In every dream mother moon was full  
Enraptured eyes watch the changing world  
Tired clothes and vintage eyes  
Search for the stars  
The world you know lies inside  
Velvet dreams and a candy prize  
Against a wall of million words  
I fight to shout right back  
Trying to be heard  
Take my ashes  
But leave my soul  
Take me higher  
Where truth is gold  
My childhood, diluted  
My innocence polluted  
Tired clothes and vintage eyes  
Search for the stars  
The world you know lies inside  
Velvet dreams and a candy prize  
I should know better  
I heard the warnings  
I should know better  
When the walls are forming  
So here I am  
The boy inside the man  
Yes I am  
Take your hand help me understand  
As a child i saw the world  
In a million colors kaleidoscope  
My childhood, diluted  
My innocence polluted  
Tired clothes and vintage eyes  
Search for the stars  
The world you know lies inside  
Velvet dreams and a candy prize
