And I didn't want to feel this way [7x]
(I'm completely hypnotized
Magic ride, and I like you
And I think you like me)

It's a magic ride, here tonight
I'm completely hypnotized
Magic ride, and I like you
And I think you like me
[2x]

Laser beams shine from your eyes
A supernatural disguise
A magic spell in every kiss
Your love is carried to my lips
Take me through your mystery maze
Into the sunshine light of day
Where everything is beautiful
So when can I see you?

It's a magic ride, here tonight
I'm completely hypnotized
Magic ride, and I like you
And I think you like me
[2x]

Something changes when you're near me
Calling to you, can you hear me?
Even when the sky looks black
You gave me my life back
[3x]

Laser beams shine from your eyes
A supernatural disguise
A magic spell in every kiss
Your love is carried to my lips
Take me through your mystery maze
Into the sunshine light of day
Where everything is beautiful
So when can I see you?

It's a magic ride, here tonight
I'm completely hypnotized
Magic ride, and I like you
And I think you like me
[2x]
