It's true
Cause everytime I feel that
It's you
Makes every moment seem as
We can move (?)
From high to endless
Do you believe we'll do this?

So now
It's all that I could hope for
Came true
I never wanna wake up
Do you?
Can this be real?
Can you?
It's so unreal

-CHORUS-

And time and space
They melt away
It's all because of you
No matter what could come we will get through.
Now the sky clears up and the rain is gone
The whole world seems to notice
But we're the only ones to see this beauty
We're the only ones to know this
I'll love you forever and on.

They say
They say we're nothing special
Okay
Lets go teach them a lesson
Back home(?)
They never felt this way
'Bout how(?)
It can be perfect everyday

-CHORUS-

And time and space
They melt away
It's all because of you

No matter what could come we will get through.
Now the sky clears up and the rain is gone
The whole world seems to notice
But we're the only ones to see this beauty
We're the only ones to know this
I'll love you forever and on.

Now the sky clears up and the rain is gone
The whole world seems to notice
But we're the only ones to see this beauty
We're the only ones to know this
I'll love you forever and on.
