(ODM)
So close baby

(gurl)
yea yea yea yea yea yeeaa

(ODM)
And we were in 10th grade in the hardwayz (uh huh)
I must admit you were the finnest thing in alwayz
everyday (yeah)
I used to walk you to class
do you remember that
we used to make each other laugh and had each
others back
We had the same birthday'z and shared the same
dreams
you used to love when I treated you for ice-cream
saturdayz..
we would meet up at the movies
it was you, your little sister,
and your homegurl lucy
I used to trip, when u would alwayz be with me
kause your mom would get mad when I would sent you
home with hickeys
and if she ever caught me around the house
you'd be grounded for a month without a phone to kall
out now (oh oh)
that's ok..
we would meet up at the benches
see it was all good when I didnt have detention
and if I didnt mention we were friends from the start
(that's right)
there was nothing in the way to ever keep us apart

(chorus)

(gurl)
closer and closer after all this time

()
Just believe my mind (yea yea yea yea yea yeeaa)

(gurl)
and over and over
your love stays on my mind (on my mind gurl)

()
A memory of you still shine (still shiiiiiiinnee)

(ODM)
I wont forget the day when you went off to college (uh
huh)
you had big dreams and you were out to see the
knowledge (thats right)
I had a record deal
and started doing shows
and you wouldnt even trip when bills would pull on my
klothes (waaaat)
we saved our money
and bought a house about the neighborhood (yeah)
and now were happier together and its all good
in between the sheets cuddled up real close
(!SSS!..come here baby)
and making love its what u love doing real most (haha)
you said you wanted 1 kid
I said I wanted 2 (yeah)
a boy and gurl
and that would equal me and you (closer)
sharing dreams while caught up in this moonlight
I never argued and never once caused a fight (thats
right)
Respect was the main key to our relation
going on trips
and spending 3 week vacations (you know)
we lived it up like real lovers were supposed to do
now come here lady, I wanna get close to you. (yea yea
yea yea yea yeeaa)

(chorus)

(gurl)
closer and closer after all this time

()
Just believe my mind (yey yey yey yeeey yeeaa)

(gurl)
and over and over (over)
your love stays on my mind (on my mind gurl)

()
A memory of you still shine (still shiiiiiiinnee)

(ODM)
yo
yo.. (uhh)
Is been a long 20 years now
and we got plenty more (thats right)
and aint no telling what the future has for us in store
a couple more kids
or maybe even grandchildren (haha)
see little ODM'z growing up making millions (yeeah)
making us proud while our name will live on forever
same love 1 mind
It'll come together
remaining strong
and strong is our familia
mi amor, mi corazon y mi vida (UUUUUUUUUU)

()
After all these years and after all these tears
A memory of you still shine (still shiiiiiiiiiiinnee)
After all these years and after all these tears
A memory of you still shine (still shine)

(gurl)
after all this tiiiiime (UUUUUUUUUUUU)
still shine
After all this tiiiiime
After all this tiiiiime
Still shiiiiinnee
After all this tiiiiime (on my mind gurl)
