Happy, go-lucky straight  
Elegant-talking  
Always have that shine about you  
I think you're great  
And I think you rule  
Wrote that last line  
Cause It sounded cool

I like my girlfriend  
I like my girlfriend  
Like you  
So, fuck you

You don't realize how happy you make me  
Sitting around watching shitty tv  
I like the way you say hello  
I like the way your hair's yellow

I like my girlfriend  
I like my girlfriend  
Like you  
So, fuck you
