I wish my life was this song  
'cause songs they never die  
I could write for years and years  
And never have to cry I'd show you how I feel  
With out saying a word  
I could rap up both are hearts  
I know it sounds absurd

And I saw the tears on your face  
I shot you down and I slammed the door  
But couldn't make a sound  
So please stay sweet my dear  
Don't hate me now  
I can't tell how this last song ends

The way that I feel tonight so down so down I pray I can  
swim just so I won't drown and the  
Waves that crash over me I am gasping for air take my  
hand so I can breathe as I write this  
Last song down

And I saw the tears on your face I shot you down  
And I slammed the door but couldn't make a sound  
So please stay sweet my dear  
Don't hate me now  
I can't tell how this last song ends

The broken glass... your moistened skin  
Was everything, was everything

And your broken voice... was quivering  
You're everything, you're everything

Scream at me make it the best I ever heard  
Laugh out loud I know it sounds absurd

Scream at me make it the best I ever heard  
You're everything, you're everything

Heart beats slowing pains are growing  
Does she love you that's worth knowing?

Heart beats slowing pains are growing  
Does she love you that's worth knowing?  
(Yeah...)
