I am leaving for a while can you tell me that  
We will be ok  
Your friends think that I am no good, all they ever do is  
Try to pull you away.  
But I wont let them ever take you,  
Ever take you,  
Ever take you.

So long,  
I've waited for this day  
To find someone to go to,  
And I just wanna tell you,  
That it's so on,  
We're leaving yesterday,  
And I don't think life will ever be the same,  
Lets take this all the way.

Long Dead silence on the phone, Leading to a dial  
tone,  
This is not what I have planned,  
Endless memories without you,  
Life passing by without you,  
Each day just like a grain of sand,  
But I wont let them ever take you  
Ever take you  
Ever take you

So long,  
I've waited for this day  
To find someone to go to,  
And I just wanna tell you,  
That it's so on,  
We're leaving yesterday,  
And I don't think life will ever be the same,  
Lets take this all the way.

Can you face me, can you wait for it  
Can you taste me, can you fight for it  
Will you fight for it.

So long,  
I've waited for this day

To find someone to go to,  
And I just wanna tell you,  
That it's so on,  
We're leaving yesterday,  
And I don't think life will ever be the same,  
Lets take this all the way.
