Forgive me if I seem forward
But I've never been in front of anything like you
It's the last place I ever thought I'd be
When I woke up this morning

Is it true?
And that you're always this breathtaking
And your smart and your willing
My God, this is killing me

Tell me all the things you never said
We could lie here and talk for hours in my bed

I don't have anything to hide
I don't have anything
Everything is not for certain

I don't have anything to hide
I don't have anything
Everything is not for certain

You're starting to see right through me
And I'm loving every minute of it
It's like I'm born again
Every time I breath in

So if you're curious
My favorite color's blue
And I like to sing in the shower
If you like I'll sing to you

Tell me all the things you never said
We could lie here and talk for hours in my bed

I don't have anything to hide
I don't have anything
Everything is not for certain

I don't have anything to hide
I don't have anything
Everything is not for certain

Tell me all of your hopes, all of your dreams
I want you to take me there
Tell me all of your hopes, all of your dreams
I want to take you there

And tell me everything
Every breath I want you to know I'll be there
There's just one more thing, one request
I want you to take me with you

Take me with you
I will never let you down
I will love you now and forever

Take me with you
I will never let you down
I will love you now and forever

Take me with you
I will never let you down
I will love you now and forever

Take me with you
I will never let you down
I will love you now and forever

Take me with you
I will never let you down
I will love you now and forever

Take me with you
I will never let you down
I will love you now and forever
