I wish my life was this song  
Cause songs they never die  
I could write for years and years  
And never have to cry  
I'd show you how I feel  
Without saying a word  
I could rap up both our hearts  
I know it sounds absurd

And I saw the tears on your face  
I shot you down and I slammed the door,  
But couldn't make a sound  
So please stay sweet my dear  
Don't hate me now  
I can't tell how this last song ends

The way that I feel tonight (so down so down)  
I pray I can swim just so I wont drown  
And the waves that crash over me  
I am gasping for air  
Take my hand so i can breathe  
As I write this last song down

And I saw the tears on your face I shot you down  
And I slammed the door but couldn't make a sound  
So please stay sweet my dear  
Don't hate me now  
I can't tell how this last song ends

The broken glass ..... your moistened skin  
Was everything, was everything

And your broken voice ..... was quivering  
Your everything, your everything

Scream at me make it the best I ever heard  
Laugh out loud I know it sounds absurd

Scream at me make it the best I ever heard  
Your everything, your everything

Heart beats slowing, pains are growing

Does she love you that's worth knowing

Heart beats slowing, pains are growing  
Does she love you that's worth knowing

Yeaaaaaaah!!!!
