Verse 1:

Will you take my hand
Pull me through
Iâ€™ve tried to stand
Donâ€™t know what to do
Iâ€™m on my own

Miserable, numb from pain
Stuck behind, I cannot gain
Is there no way out?

Chorus:

Weâ€™re falling into misery
Consumed by our inequities
We donâ€™t wanna live alone
So breathe your life into our bones
Blinded by deficiencies
These empty voids are all I see
Hidden in the crevices
Thereâ€™s a hope to breathe again

Verse 2:

Iâ€™m a parasite among the dead
The lies Iâ€™ve told better left unsaid
This canâ€™t be it

The cycle goes
It never ends
Your words echo inside my head
They capture me

Chorus:

Weâ€™re falling into misery
Consumed by our inequities
We donâ€™t wanna live alone
So breathe your life into our bones
Blinded by deficiencies
These empty voids are all I see
Hidden in the crevices
Thereâ€™s a hope to breathe again

Bridge:

You say these wounds will only grow
If I don't stop and let this go
I give to you this withered heart of mine

Mind is racing, can't erase these
Twisted memories that chase me,
Haunt me, I'm done
I'm lost I'm so far gone
Could there be something more that
We can rely on

Chorus:

We're falling into misery
Consumed by our inequities
We don't wanna live alone
So breathe your life into our bones
Blinded by deficiencies
These empty voids are all I see
Hidden in the crevices
There's a hope to breathe again
