We've become strangers  
Walking a strange line  
In time  
Out of step  
Out of line

It happened in stages  
I was changing  
I was changing without you

And I'm Falling away  
I'm falling away now  
And I'm sorry darling  
But I've broken it down  
And I need to see this through

Chorus:  
And how did I become the enemy?  
Thought this was everything you wanted from me  
Have I become what you feared  
Should I disappear this time  
How did I become the enemy?

Verse 2:  
'Cause I was your angel  
Talking a good game  
The same one you taught me to play

You kept me in cages  
With gilded spaces  
Too small for me to stay

Now I'm falling away  
Falling away now  
And I'm sorry darling  
But I've broken it down  
And I need to see this through

Chorus:  
So how did I become the enemy?  
Thought this was everything you wanted from me

Have I become what you feared  
Should I disappear this time  
How did I become the enemy?

Bridge:

How did I break you down  
I let you in and you fucked me around  
I tried my best you should know  
You should have let me go

So how did I become the enemy?  
Thought this was everything you wanted from me

Chorus:

And how did I become the enemy?  
Thought this was everything you wanted from me  
Have I become what you feared  
Should I disappear this time  
This time  
This time

How did I become the enemy?  
This time  
This time  
How Did I become the enemy?
