Are you out of your mind?
Have these numbers left you blind?
As you smoke
As you sweat
There are things that haven't happened

Don't be afraid if the dreams you made crash down like
waves, well, right beside you
It's not happened yet
Well, take up cigarettes
So, so, so tomorrow
Dance 'neath the minarets
Look just like Juliet
So, so, so tomorrow
So, so, so tomorrow

Well everything is better at the weekend
And everything is better with a car
Everything is better with a girlfriend who is ten times
cooler than you are
And everything is better with a lifetime, seen from a
bottle

Reach for the floor when they catch you alone
It's a literal zone, I can assure you

It's not happened yet
Well take up cigarettes
So, so, so tomorrow
Dance to the bitter end
While you are still my friend
So, so, so tomorrow
So, so, so tomorrow

Everybody's waiting for a phone call
And everybody's waiting for a job
Everybody's waiting for a taxi
And everybody's waiting for a God
And everybody's waiting for the Summer
Or for the end of the World, for the squeeze
And darling, this is fabulous, but all this waiting just

might kill me

And so, so, so tomorrow

So, so, so tomorrow

So, so, so tomorrow

So, so, so tomorrow

So, so, so tomorrow

So, so, so tomorrow
