It's going down!
We're getting money, and you know that!
Girl, you're getting money and it's really like that
Fuck the real!

Chorus:

I got the middle finger up when I walk across the room!
Yes I can!
Just bought the most expensive bottle ...
Man, I pull up to the belly, brought my own shit
Like, like, like it or not, but picture doing it
It's like act, it's like act, it's like act
It's like act, it's like act, it's like act
Just bought the most expensive bottle ...
It's like act, it's like act, it's like act
It's like act, it's like act, it's like act
Like, like, like it or not, but picture doing it

I'm waking...
I ain't got no shoes on
I've been mixing... my stomach..
You're getting head form the twins, getting too blow
Trouble, I'm golden... shit is too low
Ride up in the hills and shit, just..
...fuck me for the thrill of it
I fuck a twin like it's the same damn...

Chorus:

I got the middle finger up when I walk across the room!
Yes I can!
Just bought the most expensive bottle ...
Man, I pull up to the belly, brought my own shit
Like, like, like it or not, but picture doing it
It's like act, it's like act, it's like act
It's like act, it's like act, it's like act
Just bought the most expensive bottle ...
It's like act, it's like act, it's like act
It's like act, it's like act, it's like act
Like, like, like it or not, but picture doing it

Locked up in my Gucci shade...

Bad bitch, her pussy clean
Thousand pounds, I'm moving clean
I'm not around, and I'm doing things
More money that you have seen
More money that you didn't dream!
It's like that, fuck you, man
All the guns, and it ain't of them clean
I ain't giving a fuck about what you scream...
What's up, nigger fuck your...
Hold up, I am...
Your crib blew it...
Pussy niggers don't like it!

Chorus:

I got the middle finger up when I walk across the room!
Yes I can!
Just bought the most expensive bottle ...
Man, I pull up to the belly, brought my own shit
Like, like, like it or not, but picture doing it
It's like act, it's like act, it's like act
It's like act, it's like act, it's like act
Just bought the most expensive bottle ...
It's like act, it's like act, it's like act
It's like act, it's like act, it's like act
Like, like, like it or not, but picture doing it

... not get it twisted though, every time we...
But everybody is so still...
Don't know how to do it, all these bottles that...
..you don't understand me!
Married to the game, bitch, I'm trying to start a family
..got it fucked up, she's working...

Chorus:

I got the middle finger up when I walk across the room!
Yes I can!
Just bought the most expensive bottle ...
Man, I pull up to the belly, brought my own shit
Like, like, like it or not, but picture doing it
It's like act, it's like act, it's like act
It's like act, it's like act, it's like act
Just bought the most expensive bottle ...
It's like act, it's like act, it's like act
It's like act, it's like act, it's like act
Like, like, like it or not, but picture doing it
