Man how you are feeling alright
I could be better that's right
I am turning every single bottle inside
I am getting closer and closer I am approaching that
light
I would do it all again homie if only I could live twice
I can't get it out of my head then I , I won't get a
Second chance to find something ,
I will take closer and I got it anyway cause no one ever
lives twice
Excuse me for my life here is so unbearable in this
.. I won't make it to be ,
Terrible how we became everything we are hating
Every drugs .. they were printing with the faces
You can't feel these .. you have trouble with the , on a
every day basis
Pistol on my any wrong move you will be smocking like
acid
Face this music I am gonna lose it
Momma died daddy died those are cruises
Pop it through my .. love .. clue
Killing me softly please don't do it
I am .. try to prove this
I can't work for me and you shit
It don't seem so to deep
Can't turn back now and ..
Man how you are feeling alright
I could be better that's right
I am turning every single bottle inside
I am getting closer and closer I am approaching that
light
I would do it all again homie if only I could live twice
I can't get it out of my head then I , I won't get a
Second chance to find something ,
I will take closer and I got it anyway cause no one ever
lives twice
