Girl you are such a fine tuned mess you've finally
broken down and ruined this and you always think it is.
something more than it really is i don't think you know
me us or yourself
and i guess i'm giveing in becuae we're always on the
breaks a casualty of love again throw it in my face that
boys will be boys and girls they just ruin all.
well baby you can be oh so typical
and your words they don't make sence to me at all
well there you go let it go let it go
i'm growing fond of my cowardess and me backed into
corners is me at my best what i guess i'm saying is. i'm
wearing this suit and tie right now you are the judge it's
me with no jury
and i guess i'm giving in.
becuase were always on the breaks a casualty of love
again throw it in my face that boys will be boys and
girls they just ruin all.

well baby you can be oh so typical
and your words they don't make sence to me at all
well there you go let it go let it go(x2)
uh oh uh oh you don't even know.
