Save me
He's talking to me like he don't care
Well ain't he worried that I might share
A little curse with him

Dammit
I'm starting to second guess myself
I'm starting to wonder if his doubt
In me is well justified

I'll try my best to do what I was told to do and
Watch you die
Now I'm so lost 'cause I don't think that I can finish this
time.
He's gonna kill her
I just know it
'Cause I'm too weak to save
Two little words and execute
But Severus this ain't the day
Now it's the flight of the prince
The flight of the prince
Now it's the flight of the prince
The flight of the prince

Listen
I say, look, I've figured out this plan
To mend the cabinets and have them stand
This passageway to the school

He says, "Clever, but I am well aware
That you've been trying to kill me here
For the whole entire year."

I'll try my best to do what I was told to do and
Watch you die
Now I'm so lost 'cause I don't think that I can finish this
time.
He's gonna kill her
I just know it
'Cause I'm too weak to save
Two little words and execute

But Severus this ain't the day
Now it's the flight of the prince
The flight of the prince
Now it's the flight of the prince
The flight of the prince

You act like you know something that I don't, silly man
But who will be acting smug when I fulfill this plan?
Not you, but me
Call me crazy
Maybe it's your time
So don't look at me with those baby blues
You Gryffin slime

I try my best to do what I was told to do and
Watch you die
Now I'm so lost 'cause I don't think that I can finish this
time.
He's gonna kill her
I just know it
'Cause I'm too weak to save
Two little words and execute
But Severus this ain't the day
Now it's the flight of the prince
The flight of the prince
Now it's the flight of the prince
The flight of the prince
