Baby girl, you are the one
You are the light of my life, and you are the sun
In a darkening world of jealousy and hate
So please give me a chance to circumvent my fate
You know, you know...

I try, to be everything you want
But he finds, a way into your heart
Tell me, that you feel the way I do
Baby, I can't take this, I can't make it without you

Darlin' hear me when I say
I got a burning for you, in every kind of way
You are the stars in my sky, and ground beneath my
feet
Baby you gotta know, with you I'm complete
Say it again...

I try, to be everything you want
But he finds, a way into your heart
Tell me, that you feel the way I do
Baby, I can't take this, I can't make it without you

You always had a way of making me feel like I was
special.
And when everything else in my life was going wrong,
You were the only thing that I thought I could count on.
Please give me a chance to prove to you that I can
change.
I know I can. Lily, for you, I will.

I try, to be everything you want
But he finds, a way into your heart
Tell me, that you feel the way I do
Baby, I can't take this, I can't make it without you
