The person that you were has died
You lost the sparkle in your eyes
You fell for love into it's straps
Now you want a bridge to guide
Now you want a bridge to guide
Now you want that person back

And all your ammunition is gone
Run out of fuel to carry on
You don't know what you wanna do
You got no pull, to pull you through

Say I am, say I am, say I am wonderful
Say I am, say I am, say I am wonderful

If what you've lost can not be found
And the weight of the world weighs you down
No longer we've the will to fly
You stop to let it pass you by
Don't stop to let it pass you by
You gotta look yourself in the eye

Say I am, say I am, say I am wonderful
Oohh, you are
Say I am, say I am, say I am wonderful

Cause we are a miracle
Wrapped up in chemicals
We are incredible
Don't take it for granted, no
We are a miracle
Oh, we are

Say I am, say I am, say I am wonderful
Oohh, you are, don't take it for granted, no
We are miracles, we are wonderful
Say I am, say I am, say I am wonderful
