Dont read what i say  
dont see me for now  
for now at all  
dont read what i say  
dont see me for now  
for now at all  
dont listen to me  
dont see me for now  
for now at all  
at all

i started thinking how could this happen  
how could this happen to me at all  
falling right into you  
into you

dont read what i say  
dont see me for now  
for now at all  
dont listen to me  
it doesnt come for free at all  
i'd like you to be  
something that's real  
something that's me  
to be to be to be

i started thinking how could this happen  
how could this happen to me at all  
falling right into you  
into you  
i started thinking how could this happen  
how could this happen to me at all  
falling right into you  
into you

dont fall back on me  
on your way down  
dont fall back on me  
on your wasted world

i started thinking how could this happen  
how could this happen to me at all

falling right into you  
into you  
i started thinking how could this happen  
how could this happen to me at all  
falling right into you  
into you
