"Casa Del"

Would I falter your happiness?
Said the darkness to the light
I could be much more than mistress
Said the sunlight to the night
This is not for the happiness
Much more likely for the frail
This one's for my drunken pirates
Sailing oceans and drinking ale

Casa Del, Disco
And it sales our to the see
And brings along the waves
And the sound of light to me

Said it brings along the waves
And the sound of light to me

What a sound rings from the trees
What life blows through your hair?
What type of dreams do you dream?
Do you side with truth or dare?
If you placed peace on a plateau
Would your scales tip black or white?
And if they threw you a lions claw
Would you run?
Or stay to fight?

Casa Del
Disco
What a sound rings from the trees
And you can feel the touch of stillness
Explain to the birds and bees

You can feel the touch of stillness
Explain truth to the birds and bees

And one day
The skies will grow colder
And if you leave me
My bones will grow older
