We are the world
It's just a war
That we are living in
Don't you hate us
For what we've done
We're not giving in
And it won't do much if you spill your guts
you see the tables have turned now
We are the world
We are the world

Eat your heart out
It won't do much for you now
It won't do much for you now

I saved the best for the end of this
Say what you want to now
I saved the best for the end of this
Say what you want to now

I give up on love
Left with a shrug
A bottle of rum helped me through all of this
And it won't do much if i spill my blood
Your head is just turned now
We are the world
This is are the world

Eat your heart out
It won't do much for you now
It won't do much for you now

I saved the best for the end of this
Say what you want to now
I saved the best for the end of this
Say what you want, what you want

I think, I think that we could be
Something more than you can see
You know that i don't lie at all
No I don't lie at all
I think, I think that we could be

Something more than you can see
You know that i don't lie at all
No I don't lie at all

I saved the best for the end of this
Say what you want to now
I saved the best for the end of this
Say what you want

No I don't lie at all
No I don't lie at all
No I don't lie at all
No I don't lie at all
No I don't lie
