Cellophane flowers never happened for me
Sleeping the day off
Watching the night fall
Covering nowhere
Filling my time-share

There's a woman in the mirror in a firey state
As she motions to me i start turning away
She's lifting her dress up
Trying to keep up

Oh you'd be surprised
How we race

Well our lives
Erased

Another maroon on an everyday night
Thinking the morning looking for alright
Warming the blood flow
With poison I don't know why

Maybe the rain may stop following me
Dripping the colors
Running the daylight
Over the cloud burst
Hoping you don't burst

Right before my eyes
Erased

Our lives
Erased

We know we lost we lost we're nowhere now (?)
We know we lost we lost we're nowhere now (?)
Now we know were lost and nowhere now

Maybe the rain will stop following me
With millions of colors reflected in daylight
Right on the kickdrum

Turning the sound of up/oh

Another maroon on an everyday night
I think in the morning I think I'll be alright
Watching the blood flow
no wonder I don't know why

there's a woman in the mirror in a firey state
she motions to me i start pulling away
she lifting her dress up
all the way up

oh dont look surprised
erased

our lives
erased

our lives
erased
