Did you get your heartache and your head rush  
confused?  
Had you been sleeping late 'cause you'd been abused?  
Are you alone?  
Does it feel like those around want you to die?  
Are you alive?

Did you grab your sleeping bag when you hit the floor?  
Had you been feeling bad 'cause you'd been a bore?  
Oh, you're just lonely  
And it feels like those around want you to die  
But you're alive

Was it loneliness that kept you or baby did you think it a  
curse?  
Were you grateful for the pleasure or baby do you think  
this is worse?

And it feels like those around want you to die  
Sometimes you feel like just crying  
You're still in love with me and you don't know why
