Confusion left you with broken mind,
love picked you up and left you
low like the tide,
throw pictures in,
try to forget
all the time she spent
showing love to him
time we, time we spent

[Chorus:]

And all the breaking news of your departure
and the wasted breath that tried to keep you near
small words, big breaks, the time for living is here
say goodbye, shake hands, walk away,

Walk away...
You walk away and then I

Spent several months trying to forget
words you had said, when I thought I'd lost my head,
throw the towel in, try to displace
all the time we spent, running away from ourselves,
time we, time we spent

[Chorus]

And the bragging you did about time spent with him
was just vain, was just vain, walk away and then
All the time well spent in his arms
walk away, walk away, I don't care,
Don't you know that the only you can brag about
The time we, the time we spent

Your love you brag about
Your love you brag about
Your love is a mirror
[x4]

So stick to back roads that you know
And why don't you just come home
to where you know you will be loved?
[x2]
