Must have lived so long with covered eyes
When did you say goodbye?
Only just waking up

To all the joy that you've outgrown
And memories I can't break
Alone, jealous and stoned

Idle kids with idle hearts
Some of them went too far
And some still waiting there

Sitting at home, what am I doing?
Boy waiting by the phone
Alone, jealous and stoned

I waited for you
I waited for you
I always waited for you

Can't have been too late 'cause I was still warm
Flying off heavy eyes
Still thinking that you would call

Echoing words, voices, thoughts
Remembering that you forgot
And I was just hanging out

Sitting at home, what am I doing?
Boy waiting by the phone
Alone, jealous and stoned

I waited for you, I waited for you
I always waited for you
I waited for you, I waited for you
I always waited for you
