The weight of persuasion
When you changed your mind
I left the ground, you just gave in
It was the only time

I felt awake, I was way out
Under the closing night
Just as the morning became us
And we were only skies

What changed?
Love
What changed?
What changed?
It's in my love

In your dreams, you've seen it all
Through a window so far off
Remember watching while your
Lightning blue eyes reflected sunrise

And through the dawn, I'd seen it, too
I caught a glimpse, I thought was you
And I was overwhelmed
Lightning blue eyes against the daylight

I felt awake, I was way out
It was the only time
To do away with persuasion
Oh, when you change your mind

Is in her dreams, she's seen it all
Through a window so far off
Remember watching while her
Lightning blue eyes reflected sunrise

And through the dawn, I'd seen it, too
I caught a glimpse, I thought was her
And I was overwhelmed
Lightning blue eyes against the daylight

In your dreams, she's seen it all

Through a window so far off
Remember watching while her
Lightning blue eyes reflected sunrise

And through the dawn, I'd seen it, too
I caught a glimpse, I thought was you
And I was overwhelmed
Lightning blue eyes against the daylight
