Break it down

Check, check one two  
On the microphone  
All you ladies with hot pants on  
This right here is a no skank zone  
So grab your keys and go on home  
Come on over here let me tell you something  
I ain't that shallow, but girl you're really ugly

Homie I ain't trying to get up on your girlfriend  
I ain't playing when I say that she's a chicken head  
No I really don't think you understand it  
I don't want none, that girl is straight up busted

Bounce, bounce come...  
Get to bouncing in mass amounts  
Ditch that girl who's hanging out  
Show the dance floor what it's all about  
Come on over here let me tell you something
