What's up I'm looking for a girlfriend
Someone to hang out on the weekend
One who says how handsome I am
And don't try to make out with my best friend

Hello girls
It's really nice to meet ya
And all your features
Let me show you how the dino will treat ya
Anything you dream, yeah it's yours mamacita
Cause I'm looking for a hot seniorita
One that holds hands and there ain't nothing sweeter
I ain't looking for a liar or cheater
That's my ex-girlfriend you've probably seen her
We can party all night long
All the fellas sing this song
Reach out with open arms
Hey ladies (yeah)
I'm gonna take you home

Baby
Save me
Ex-girlfriends of my enemies
Why don't you and me
Hang out more lately
We can party all night long
All the fellas sing this song
Reach out with open arms
Hey fellas (yeah)
Let's take em home
