Get that cute top on  
Let's get our shop on  
Head to the hills just like LC  
We'll argue about boyfriends  
Make some bad choices  
Have our first season on dvd  
Party with paris  
Live with our parents  
California is such a dream  
Grow up way too fast  
Check into rehab  
The west coast life is what it seems

Meet me in hollywood  
Out west is where our dreams can grow  
Check check the sunshine, holler at my tan lines  
Beverly hills and all through the coast  
Meet me on the west side (west side)  
We've got the beach and it's wicked sweet  
Newport is ballin, san diego's calling me  
Straight outta compton and the LBC

I gotta warn ya  
That's how we roll in california  
And to be specific  
My heart belongs in the pacific
