Back and forth like my life depended  
On building belief withing these walls.  
I can sense the horror,  
We're paying back for the hurt that you've caused.  
After the suffering, there's no belief left for myself.  
Don't tell me there's nowhere left to run,  
Don't tell me there's no way out.

I never believed I could turn this world  
Into a place where there is no hope.  
Into a place only God can save us.  
I never believed I could change myself.  
I put my trust in someone else, yeah.  
Into a place only God can save us.  
Now you've earned my f\*cking trust.

I can't believe you chose yourself  
Than save the life of someone else.  
If I were dreaming, I'd still have the chance to wake up.  
I can't believe you chose yourself  
Than save the life of someone else.

Oh, they know where I'm hiding.  
How did they f\*cking find me?

I never believed I could turn this world  
Into a place where there is no hope.  
Into a place only God can save us.  
I never believed I could change myself.  
I put my trust in someone else, yeah.  
Into a place only God can save us.  
Now you've earned my f\*cking trust.
