I know, I know,  
It's making me remember,  
I know, I know  
The heartache of September don't go  
Oh please, it's making all my memories glow  
When you play me a song that I know

Open all night, never closes - just the place I need,  
And I sip my coffee, studying faces, hiding what I feel  
Someone's standing at the jukebox  
Choosing something slow  
And I hear the beat,  
I can't stop the tears  
When you play me a song that I know

I know, I know,  
It's making me remember,  
I know, I know  
The heartache of September don't go  
Oh please, it's making all my memories glow  
When you play me a song that I know

Morning finds you close beside me  
Fingers touch my face  
And we laugh together, sharing secrets,  
Welcoming the day  
Suddenly your smile is fading  
Yesterday is gone  
And I hear you sing your favorite tune  
When they play me a song that I know

I know, I know,  
It's making me remember,  
I know, I know  
The heartache of September don't go  
Oh please, it's making all my memories glow  
When you play me a song that I know.
