Alone

Waiting in my electric chair
Knowing I haven't a prayer
Don't cry I know I've let you down
Trying to turn my life around

Chorus:

I don't want to put you through this hell
All that I ever wanted was to make
Our dreams come true
'Cause I love you
You gave me all your love then you ran away
All that I ever believed was I was right
And you were wrong
Now I'm alone

Wastedm strung out on despair
Knowing, I can't face the glare
Tempeted, I chose to believe
Now I am alone to grieve
