Loathe

I know it's true
I've been a little crazy over you
And if I'm going to make an ass of myself
I might as well begin
And if I say I love you
Will you disappear before my eyes

Chorus:

And if I give you an inch
Will you take a mile
Hold my head underwater with a smile
And if I comfort you in sorrow
Will you be mine
Or take me for all that you loathe

The way I feel
Maybe more than you will ever know
And when I ask myself,
I realize I'm never gonna win
And if I say I only want to be your friend
Would that be fine
Or should you go

Will I ever leave
Or will I be ignored until I blow away

I know it's true
I've been a little crazy over you
And if I say I love you
Will you disappear before my eyes
