Last summer when Justin was here
We had some wine and started a band
It was such a good time
I played the drums and I hit them hard
Tom on bass and Justin on guitar
Singing his songs, screaming his lungs out

Ah-ah-ah-ah-ah-ah
Everyone I know is from bands I've been in

When I was 14 I had my first band
I was the singer
I wanted to be like Iggy in the stooges
We had our first show in school
I was so nervous I couldn't speak or move
But I got up there, and I got stuck there

Ah-ah-ah-ah-ah-ah
Everyone I know is from bands I've been in
