"Innocent"

Visit "[Innocent](#)" on MotoLyrics.com

Please don't lie to me
Do you think the same way as me
Can't you believe that Joe is away
Taken to the police station

Ref.:

I know he is innocent
but nobody believes me
I know he is innocent
but nobody will hear me
I'm an attestor
And I tell the truth

Why don't they believe
Joe is my best friend you see
I don't want to see him in Jail
Because he is definitely innocent

Ref.

I know he is innocent
but nobody believes me
I know he is innocent
but nobody will hear me
I'm an attestor
And I tell the truth

I know he is innocent
but nobody believes me
I know he is innocent
but nobody will hear me
I'm an attestor
And I tell the truth
