Such a perfect evening  
Such a perfect dinner  
Everything was good  
But suddenly a bash

No one thought this could happen  
Not to such a great person

The way you lived your life was wonderful  
We had a wonderful time  
And I know I'll never forget you

Such a long fight  
Such a big disaster  
Everything went bad  
And no one could help you

Now it's over  
I'm looking back at a wonderful time

The way you lived your life was wonderful  
We had a wonderful time  
And I know I'll never forget you

We will never forget  
what you have done to us and all the others  
You will always be  
in our hearts
