"Suicide"

I'm living in an empty house
My family is in prison
everything feels like dying
I got no one to trust
My neighbours are fools
everything feels like dying

I'm thinkin' of suicide
I'm thinkin' of suicide
I'm thinkin' of suicide
I'm thinkin' of suicide

I got no friends 'cause they are dead
But one friend is staying by me
I have no reasons to stay
I want to leave this world
Leave my problems here
I have no reasons to stay

I'm thinkin' of suicide
I'm thinkin' of suicide
I'm thinkin' of suicide
I'm thinkin' of suicide

I've got one reason to live
but a hundred to die
But I stay and (fight)
