"We are the best"

It's the longest day in your life
don't be sad babe cause you can't win every time
I turn my back and go away
you can't reach me you can't run with me

This is my good bye
we are the best
we don't care the rest
and we are called Boiled Eggs

Hold your breath when we are on the floor
Don't look in my eyes cause you can catch fire
get out of my way
give me the mic I have to tell you something - listen

This is my good bye
we are the best
we don't care the rest
and we are called Boiled Eggs

We hold your burning world
in our hands
and dry your tears

don't be sad
'cause you are not fast enough
