Just look at this face
You know it can't lie
It's plain for you see
Caught in the moment
I look in your eyes
And there's only you and me
Yes I'm a little insecure
And you're a little shy
But somehow we'll make it someday
There's no use to pretend it
It's easy to end it
But harder to give it a try
I don't want to lose you tonight
I just want to be by your side

And I'll give you the world if you'll let me
'cos there's nothing I would want more
If the best things in life
Were so simple and easy
Then there would be nothing to fight for

And you know I'll always love you
And there's things I've been meaning to say
The world can't revolve around you
Though you make it anyway
Yes I'm a little insecure
And you're a little shy
But somehow we'll make it someday
There's no use to pretend it
It's easy to end it
But harder to give it a try
I don't want to lose you tonight
I just want to be by your side

And I'll give you the world if you'll let me
'cos there's nothing I would want more
If the best things in life
Were so simple and easy
Then there would be nothing to fight for

I'm not lying to impress you

That's just not who I am
You're just so god damn beautiful
You never understand
You never understand
