"Never Grow Old"

Every day I just feel alive
There's no tomorrow
There's just tonight
We don't look down
We just keep our heads up

We're too young
Young and dumb
I just hope you know

That these are the days
And the times
We want to live our lives
They don't understand
'cos we're out of control
Take my hand
And we'll never ever grow old
Yeah we'll never ever grow old

Every night I'm just feeling used
I'm so torn up and so abused

We don't look down
We just keep our heads up

We're too young
Young and dumb
I just hope you know
Those weeping eyes
They'll get by
I just hope you know

These are the days
And the times
We want to live our lives
They don't understand
'cos we're out of control
Take my hand
And we'll never ever grow old

We don't look down

We just keep our heads up

These are the days

And the times

We want to live our lives

They don't understand

'cos we're out of control

Take my hand

And we'll never ever grow old

And I hope that we never ever grow old
